

Stylish Bathroom Fan Systems

The complete Heat-Fan-Light solution

- Stylish low profile design for easy fitting into tight ceiling cavities
- LED centre light
- High extraction rate and temperature safety feature

Stylish SATIN Heat-Fan-Light Units

Manrose introduces the stylish SATIN range to its offering of combination extraction fan, heat lamps and LED light units for bathroom applications. The SATIN range includes 2 and 4 heat lamp units in white or silver fascias.

2 lamp units provide up to 75 l/s extraction and 4 lamp units provide up to 84 l/s extraction. All units include an integrated 10W LED centre light, are thermally protected and supplied with wall switches for the independent operation of each function. All kits are completed with 125mm x 3m ducting and an exterior fixed louvre grille.

Manrose SATIN LED Heat-Fan-Light units are all set in a stylish, low profile fascia which results in a clean and crisp bathroom system that will integrate comfortably into any modern bathroom design.

Features

- Energy saving flush mount centre LED downlight to complement main bathroom lighting
- Instant radiant heat
- Low profile fascia
- Side ducted centrifugal exhaust fan with backdraught stopper
- Thermal protection safety feature
- Wall switch, heat lamps and 1 x 10W LED downlight
- 5 year warranty on fan unit
