

# BAC01 ConnectX Pure Sine wave 1.4KW inverter

HEAVY DUTY BRUSHLESS

**1400W**  
MAX Output

# Product Statement

Introducing the ConnectX™ Portable Power Inverter, your ultimate power solution on the go. With a continuous output of 1.4KW and a maximum output of 2.8KW with pure sine wave, this compact powerhouse is designed to meet all your energy needs on the go.

Equipped with two 230V AC outlets, two USB Type-A output ports, two USB-C output ports, and a DC12V cigarette socket, it offers versatile connectivity options for your devices. Whether you're charging your laptops, smartphones, or running essential appliances, the Makita CONNECT X has you covered.

Experience the convenience and reliability of the Makita CONNECT X Portable Power Inverter – your trusted companion for portable power solutions

# Product Overview

Compatible with PDC1200, PDC1500 and PDC01

Warning buzzer, acoustically warns user when power output stops due to overheating, low battery power or overloading

Carrying Handles on both sides

2 AC outlets, 2 USB A output ports, 2 Type-C output ports, and 1 DC12V cigar socket

Compatible Accessories		
	191N62-4	XGT 40v adapter
	PDC1200	1200wh battery
	PDC1500	1500wh battery
	PDC01	ConnectX battery utilizing 5 18v batteries

Can be connected with MAKPAC system, for easy transportation.

- **Power Output** – With a continuous output of 1.4kw and 2.8kw maximum output, this compact power house is designed for all you power needs
- **7 Stage LED** – Stay in control with the 7 Stage LED, providing a visual indicator of power usage.
- **Warning Buzzer** – Alerts you when power is interrupted due to overload, high temperatures or low battery.
- **Convenience** – Equipped with a versatile range of connectivity options for all of your devices.
- **Mobility** – Can be connected with MAKPAC allowing for portability in any situation.

SPECIFICATIONS	
Continuous rating input	1400W
Max power output	2800w
Outputs	2x AC Outlets, 2x Type-A USB, 2x Type-C USB, 1x DC12V
Weight	7.3kg-16.3kg
Dimensions	395x345x163mm

# Advantages

## Efficiency

Usable with MAKPAC for easy transport

## Comfort

Weighing only 16.3kg with our largest battery, the inverter provides power on the go

## Functionality

ConnectX Pure Sine Wave provides 1.4kw continuous and 2.8kw maximum output, for all your power needs

## Convenience

A versatile range of power outputs allow for connectivity to all your devices.
